

Meeting of Headington Community Project Group

18 January 2022

Present: R Bradley, P Coulter, J Nealon

This meeting was held to consider two CIL applications. The purpose of this meeting was to validate the two applications as being acceptable (in terms of meeting the process and clarity) to pass to the full HA committee. It was not the purpose of this meeting, or this group, to make any recommendation about whether the applications should be recommended for acceptance.

CIL application: Design stage – regeneration of Headington centre.

Submitted by Patrick Coulter.

Acceptable to pass to the full committee for recommendation, or not, subject to two conditions:

1. Agreement with the City Council about the need for and type of public consultations on CIL applications.
2. Quotes received from potential consultants.

The CIL will then go back to the committee for formal endorsement, by email if necessary.

CIL application: BK Park multi-activity hub

Submitted by Courtside

Agreed that the applicant should be asked to modify the application to make clear that the application for funds is from CIL not HA.

Subject to above the application is acceptable to pass to the full committee.

End of meeting.
