

## CHARACTER ASSESSMENT

### CHARACTER AREA 07: HEADINGTON HILL SOUTH

### GENERAL DESCRIPTION OF THE AREA

This area, together with CA2 (Headington Hill North) has already been assessed by Oxford City Council in a Conservation Area Appraisal. A full description of the area's assets and its issues can be found by consulting the Conservation Area Appraisal (CAA) at: [www.oxford.gov.uk/PageRender/decP/Headington\\_Hill\\_occw.htm](http://www.oxford.gov.uk/PageRender/decP/Headington_Hill_occw.htm).

The appraisal acknowledges tensions between the maintenance of an area's historic character and the requirements of a modern city environment. Educational institutions within this area add to the neighbourhood's general concerns with traffic congestion and parking.
